SIR OLIVER LODGE TEACHES THE SOUL'S PRE-EXISTENCE

Famous Physicist Announces His Belief, Gained Through Research, in Immortality, the Gift of Prophecy, and Christ's Incarnation.

My message is that there is some great truth in the idea of pre-existence, and I desire to make it clear that the belief is not a mere fancy, but that it is an essential part of the doctrine of Christ, as taught by the Church, and as accepted by the majority of Christians, although, in some respects, it may appear to be a contradiction of the doctrine of the soul's pre-existence. It is true that there are many things that are against the doctrine of pre-existence, and that the Church has not always been consistent in its teaching on the subject. But the doctrine of pre-existence is not a matter of opinion, but a matter of fact, and it is a fact that can be proved by the evidence of the Scriptures, and by the evidence of the lives of the saints.

The idea of pre-existence is not a new idea. It has been taught by the Church from the beginning. And it is a fact that the Church has always taught that the soul is immortal. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent. And it is a fact that the Church has always taught that the soul is pre-existent.
