An Elevator Man Who Plans to Carry the Tuskegee Plan Into Oklahoma.

A few evenings ago I questioned this remarkable colored man, who works in a big hotel, and found that he not only knew something about the Tuskegee Institute but he also had some definite plans of his own to carry the Tuskegee plan into Oklahoma. He is an elevator man in what is probably the largest hotel in the state of New York. He is a man of about forty years, and has been an elevator man for the last ten years. He has always been in the hotel business, and has worked in several of the largest hotels in the city. He is a man of great energy and determination, and has always been anxious to do something for the advancement of his race.

The individual, W. J. Brown, is one of the most successful colored men in the city, and is known as a man of great intelligence. He is a member of the National Association for the Advancement of Colored People, and has been active in its work. He is also a member of the Colored Education Association, and has been active in its work.
